Letter from Our Chair of the Board

April 10, 2024

A Message from the Chair of our Board

Dear Fellow Shareholders:

We hope you will join us at our virtual 2024 Annual Meeting of Shareholders on May 23, 2024 at 12:00 p.m., Eastern Time. Your vote is important to us and we encourage you to promptly cast your votes in consideration of our recommendations.

Compass Diversified had another outstanding year. Our dividend adjusted common shareholder return in 2023 was 29.38%. To put this in perspective, our common stock's performance exceeded the Russell 2000 Index by 1429 basis points (assuming the reinvestment of our distributions). We attribute this success to our competitive positioning, diversification and our recent focus on acquiring and managing more innovative and disruptive businesses with fundamentally faster growth rates. This strategic focus has boosted the power of our growth engine to produce a more consistent, faster level of earnings and cash flow growth. We have seen this effort begin to positively impact our performance as evidenced by our strong 2023 fourth-quarter and full-year results.

Our management team continued to demonstrate innovative thinking and the ability to motivate and align the organization's employees, who are essential for guiding our Company through a transformative growth period. We are fortunate to have talented leaders and employees who are skilled at driving strong performance today, while also anticipating industry changes and preparing for our future success. Our people are our greatest asset and we appreciate their tremendous contributions and accomplishments during the past year.

As a Board, we actively partnered with management to oversee progress in key areas aligned with our strategy and core values, and we are proud of the following 2023 achievements:

- **Shareholder Value:** Although the markets for mergers and acquisitions were weak for most of 2023, we were able to complete the opportunistic divestiture of our Marucci Sports subsidiary, realizing a significant gain for shareholders. In early 2024, we acquired The Honey Pot Company, an innovative, disruptive and leading "better-for-you" brand in the feminine hygiene industry.
- **Subsidiary Performance/Diversification:** We believe our current subsidiaries continue to outperform their competitors and deliver differentiated products and services, and our diversification has led to reduced financial volatility which we believe will continue to improve in the future with our plan to add additional subsidiaries and, eventually, enter into the healthcare vertical.
- **Sustainability:** During 2023, we continued to integrate ESG in our acquisition decisions, as well as in the management of our organization and our subsidiaries. We expect to release our first Sustainability Report in 2024¹, which will include details of our greenhouse gas emissions, human capital initiatives, and governance practices. Additional information regarding our ESG initiatives is available at: www.compassdiversified.com/esg/.
- **Governance and Board of Directors:** Our current Board is the result of continuous and intentional Board refreshment over the last several years, including the addition of four new directors since 2022. As we continue to focus on value creation, it remains critical that our Board is comprised of the right mix of directors with varied backgrounds, skills and experiences. The Board's commitment to diversity is evident in its current membership.

¹ The information in our Sustainability Report is not incorporated by reference into, and does not form a part of, this Proxy Statement.

- **Capital Enhancement.** Our permanent capital structure allows us to act swiftly when others are sidelined. During 2023, while many of our competitors were struggling to access capital we received a \$75.2 million equity investment from a mutual fund managed by Allspring Global Investments, LLC. This patient and long-term institutional capital aligns with our long-term strategy, further solidified our balance sheet and will allow us to deploy capital for attractive opportunities during 2024.

On behalf of the Board and our entire organization, I would like to take this opportunity to acknowledge our former Chair and long-time director C. Seán Day (“Seán”), who served CODI with distinction from the time of our organization’s initial public offering in 2006 until his passing in 2023. It was a privilege to know him and work alongside him. We miss his leadership, counsel, and friendship.

In this Proxy Statement, you will learn more about our Board and governance practices, our approach to Environmental, Social, and Governance (ESG) topics, our executive compensation structure and other important aspects of our Company. I am optimistic about our future and what we can accomplish together in 2024. Thank you for your support and investment in this next stage of our journey.

Sincerely,

Ryan J. Faulkingham	47	2013	Chief Financial Officer/Co-Compliance Officer

Ryan J. Faulkingham has served as Chief Financial Officer and Co-Compliance Officer of the Company since November 2013. He also serves on the Investment Committee of the Company's Manager, as well as the organization's ESG Committee. Mr. Faulkingham joined the Company in 2008 and previously was the Company's Director of Financial Reporting. Prior to joining us in 2008, Mr. Faulkingham served as a Vice President at Merrill Lynch & Co., a financial management and advisory company, where he prepared regulatory filings, performed technical accounting research and implemented policies to ensure compliance with internal control standards. From 2003 to 2006, he served as Manager, Accounting and External Reporting at WebMD Health Corp., a medical information company, serving as a key contributor to the company's 2005 initial public offering and lead finance member for numerous mergers and acquisitions. Prior to that, Mr. Faulkingham had a career in public accounting first at Arthur Andersen LLP and later at KPMG LLP, both public accounting firms. He received a BS in Accounting from Lehigh University and an MBA from Fordham University. Mr. Faulkingham serves as a director for our Velocity Outdoor Inc. subsidiary and as an observer to the boards of directors of all our other subsidiary companies.

Board Leadership Structure

Our LLC Agreement provides that the Chair of the Board be elected by a majority of the Board and be a member of the Board. The LLC Agreement provides that, so long as the Sixth Amended and Restated Management Services Agreement entered into by and between the Company and the Manager effective as of September 30, 2014, as amended through the date hereof, which we refer to as the "Management Services Agreement", is in effect, the Company's Manager shall second personnel to serve as the Chief Executive Officer and Chief Financial Officer of the Company, subject to the formal election of such individuals by the Company's Board. Although there is no requirement that the Chief Executive Officer and the Chair be separate positions, the Board has currently chosen to separate the Chief Executive Officer and Chair positions. Mr. Larry L. Enterline, an independent director, was appointed as Chair of the Board effective as of July 2, 2022 and currently serves in such role. The Board believes the current separation of these roles helps to ensure good Board governance and fosters independent oversight to protect the long-term interests of the Company's shareholders. In addition, the Board believes this separation is presently appropriate as it allows our Chief Executive Officer to focus primarily on leading the Company's day-to-day business and affairs while the Board's Chair can focus on leading the Board in its consideration of strategic issues and monitoring corporate governance and shareholder matters.

Board Attendance

While it is understood that practical considerations may limit a director from attending each Board meeting and each meeting for those committees on which he or she serves, it is expected that each of our directors will endeavor to attend substantially all of such meetings and to attend in person whenever possible. In addition, it is expected that each director will, at an absolute minimum, for each fiscal year of such director's service, attend at least 75% of the aggregate of (i) the total number of meetings of the Board (held during the period for which such director served as a director), and (ii) the total number of meetings held by all committees of the Board on which such director served (during the periods that such director served). Directors are also encouraged to attend meetings held by all committees of the Board, whether or not serving on such committee. Our Board met eleven times during 2023. All directors attended over 75% of the combined Board and committee meetings on which they served in 2023. Although we have no formal policy regarding director attendance at the Annual Meeting of Shareholders, directors are encouraged to attend. All of the Company's directors, other than Mr. Day, a former director, attended the 2023 Annual Meeting of Shareholders.

Committees of the Board

The LLC Agreement gives our Board the authority to delegate its powers to committees appointed by the Board. COMPENSATION COMMITTEE

Our Compensation Committee is comprised entirely of independent directors who meet the compensation committee independence requirements of the NYSE and Rule 10C-1 of the Exchange Act. In accordance with the Compensation Committee charter, the members are "outside directors" as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended, and "non-employee directors" within the meaning of Section 16 of the Exchange Act. In early 2024, consistent with prior years, the Company conducted a survey of the director compensation practices of other companies that it considered reasonably comparable to the Company. The Compensation Committee targets cash and equity compensation for the Company's non-management directors at the average of its peer group. The Compensation

Committee also considered the time commitment, responsibilities, and related burdens of Board service over the Company's history. Based upon this review, the Compensation Committee recommended to the full Board that the annual compensation paid to non-management directors, other than the Chair of the Board, be increased for fiscal year 2024 and the full Board ratified the Compensation Committee's recommendation. For a discussion of director compensation see the section titled "DIRECTOR COMPENSATION."

The Company's Manager is responsible for establishing the form and amount of compensation paid to our Chief Financial Officer and the Chief Financial Officer's staff by our Manager, in each case, subject to the approval of the Compensation Committee. Mr. Sabo, our Chief Executive Officer, in his capacity as the managing member of our Manager, participates in the establishment of the form and amount of compensation paid to our Chief Financial Officer and his staff by our Manager.

Use of Compensation Consultants

Mercer (USA) Inc., a third-party consulting firm, was engaged by the Company in early 2023 to provide executive compensation benchmarking services with respect to the compensation of our Chief Financial Officer and his staff. Mercer provided a peer analysis but did not make specific compensation recommendations. In performing such analysis, Mercer relied upon survey data, including its own 2022 benchmark database as well as the 2022 general industry executive survey published by Willis Towers Watson, and proxy data which was gathered using Capital IQ for publicly traded entities on major U.S. exchanges with market caps between \$600 million and \$3.0 billion and revenue between \$1.0 billion and \$4.0 billion. The Compensation Committee also periodically engages third party consultants to perform a review of non-management director compensation. No compensation consultants were engaged by the Compensation Committee during fiscal year 2023 or to date in 2024. Mercer (USA) Inc. did not provide any additional services to the Company in 2023 beyond executive compensation benchmarking services with respect to the compensation of our Chief Financial Officer and his staff.

INDEPENDENT LEAD DIRECTOR

Currently, there is no director serving as independent lead director of the Company, as the Chair of the Company's Board is not an executive officer and has been deemed independent by our directors. Our corporate governance guidelines provide that an independent lead director will be elected by the Board's independent directors if the chair of the Company's Board is affiliated.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee are, or have been, an officer or employee of the Company. During 2023, no member of our Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. None of our executive officers serves on a board of directors or compensation committee of a company that has an executive officer serving on our Board or Compensation Committee.

Material Legal Proceedings Involving Directors and Executive Officers

Currently, there are no material proceedings to which any of our directors, director nominees, officers, affiliates, any owners of record or beneficially of more than five percent of any class of voting securities, or any associate of any such director, director nominee, officer, affiliate, or security holder is a party adverse to us or any of our subsidiaries or has a material interest adverse to us or any of our subsidiaries.

Executive Sessions of our Board

Our corporate governance guidelines provide that the non-management directors will meet without management directors in regularly scheduled executive sessions at least quarterly and at such other times as they deem appropriate. To the extent that any non-management directors are not independent directors, the independent directors will also meet in regularly scheduled executive sessions at least once annually. In accordance with our corporate governance guidelines, the Chair of the Board, Audit Committee, Nominating/Governance Committee, Compensation Committee, or the independent lead director (if serving) will preside at these executive sessions of the non-management directors and independent directors, as determined by the non-management or independent directors based upon the subject matter to be discussed. Mr. Enterline presided over executive sessions of non-management directors and independent directors during fiscal year 2023 and continues to preside over executive sessions of non-management and

independent directors. Our non-management directors met four times during 2023 and our independent directors met two times during 2023.

Nominations of Directors

As provided in its charter, the Nominating/Governance Committee identifies and makes recommendations to the Board with respect to nominees for election or re-election to the Board at our annual meetings of shareholders. The Nominating/Governance Committee casts a wide net in seeking director candidates, including, when necessary, engaging external director search firms, as well as engaging with the Company's existing Board and management team, who know the Company best, and considering candidates recommended by investors, shareholders, and others, to perform a thorough and exhaustive search for candidates.

The Nominating/Governance Committee, in making its recommendations regarding Board nominees, may consider some or all of the following factors, criteria and qualifications, among others, in identifying individuals who: (a) possess fundamental qualities of intelligence, honesty, perceptiveness, good judgment, maturity, high ethics and standards, integrity, fairness and responsibility; (b) have a genuine interest in the Company and a recognition that, as a member of the Board, each director is accountable to the shareholders of the Company; (c) have a background that demonstrates an understanding of business and financial affairs of other organizations of comparable or larger purpose, complexity and size, and subject to similar or greater legal restrictions and oversight; (d) are able to contribute to the effective oversight of the Company, taking into account the needs of the Company and such factors as the individual's experience, perspective, skills and knowledge of the industries in which the Company and its subsidiaries operate; (e) have no conflict of interest or legal impediment that would interfere with the duty of loyalty owed to the Company and its shareholders; (f) have no relationships that might impair his or her independence, including, but not limited to, business, financial or family relationships with the Company's management; (g) have the ability and are willing to spend the time required to function effectively as a director; (h) possess skills necessary for service on Board committees; (i) are compatible and able to work well with other directors and executives in a team effort with a view to a long-term relationship with the Company as a director; (j) have independent opinions and are willing to state them in a constructive manner, and (k) have qualities that will strengthen the Board and contribute to the overall mix of considerations identified above. These criteria are set forth in the Nominating/Governance Committee charter. The Nominating/Governance Committee will consider director

candidates recommended by Company shareholders, in accordance with the criteria and as discussed in the below section titled “Shareholder Nominations of Directors”.

The Nominating/Governance Committee also annually evaluates the size and composition of the Board and each standing committee. Under the Company’s corporate governance guidelines, directors must inform the Board’s Chair in advance of accepting an invitation to serve on another public or private company board or any committee thereof. Directors must also notify the chair of the Nominating/Governance Committee of any change in circumstance that occurs subsequent to a director’s appointment to the Board. In recommending candidates for election as directors, the Nominating/Governance Committee will also take into consideration the need for the Board to have a majority of directors that are independent under the requirements of our governing documents, the NYSE and other applicable laws.

Diversity

The Company believes that differences in experience, knowledge, skills and viewpoints enhance the Board’s overall performance. Accordingly, the Nominating/Governance Committee charter provides that the committee shall consider diversity in selecting, evaluating and recommending proposed director candidates. The Nominating/Governance Committee engages in active discussions regarding diversity among directors and director nominees, including diversity of attributes, such as race, gender, ethnicity, sexual orientation, as well as diversity of viewpoint, experiences, skills, ages, cultural beliefs and backgrounds. Each year, the Board assesses the effectiveness of its diversity efforts, among other items, during its annual self-evaluation process. Over the past three years, the Board has nominated three female directors, as well as two directors who each self-identify as being a member of an underrepresented minority or LGBTQ+ community, to further enhance the diversity among its members. The Board also supports and sets expectations to drive equity in representation of senior leadership and critical roles held by women, historically ethnic/racial minorities, and other underrepresented groups across the organization.

As an organization that owns subsidiaries in a wide array of industries, seeking leadership that is diverse, including diversity of personal attributes as well as diversity of ethnicity, culture, religious beliefs, experiences, skills, or age is always valuable. Several diverse individuals, based on gender, religion, military service experience or who self-identify as being a member of an underrepresented minority or LGBTQ+ community currently hold leadership positions at the

Company’s subsidiaries, either as members of a subsidiary board of directors and/or within the executive management teams.

During 2023, the Nominating/Governance Committee, on behalf of the Company and at the Company’s cost and expense, engaged SpencerStuart, a third-party executive search firm, to identify, evaluate, and assist with the recruitment of potential director candidates and to evaluate and screen any director candidates identified by the Company’s executive management team, current Board members or others. Diversity was one of the specific criteria established by the Nominating/Governance Committee with respect to such recruitment process.

Shareholder Nominations of Directors

The Board understands that shareholders have a financial stake in the success of the Company and therefore the Board takes seriously any director suggestion or nomination coming from a shareholder. In addition to any other requirements, for a shareholder to properly bring a nomination for director before either an annual or special meeting, the shareholder must be a shareholder of record on both the date of the shareholder’s notice of nomination and the record date relating to the meeting.

In addition, any such notice from a shareholder recommending a director nominee must include the following information:

- the candidate’s name, age, business address and residence address;
- the candidate’s principal occupation or employment;
- the number of shares of Trust common stock that are beneficially owned by the candidate;

 - that the candidate is not and will not become a party to any agreement, arrangement or understanding with any person or entity with respect to any direct or indirect compensation, reimbursement or indemnification in connection with such person’s nomination for director or service as a director that has not been disclosed.

We may require any proposed nominee to furnish any additional information that we reasonably require to enable our Nominating/ Governance Committee to determine the eligibility of the proposed nominee to serve as a director. Candidates are evaluated based on the standards, guidelines and criteria discussed above as well as other factors contained in the Nominating/Governance Committee’s charter, our corporate governance guidelines, our other policies and guidelines and the current needs of the Board.

We intend to disclose any amendments to, or waivers from, our code of ethics by posting such information on our website listed below or by filing with the SEC a Current Report on Form 8-K, in each case, if such disclosure is required by rules of the SEC or the NYSE.

Our corporate governance guidelines and code of ethics are available on our website at www.compassdiversified.com and in print from us without charge upon request by writing to: Investor Relations at Compass Group Diversified Holdings LLC, 301 Riverside Avenue, Second Floor, Westport, Connecticut 06880.

Board Role in Risk Oversight

Our Board recognizes the importance of effective risk oversight to the organization's continued success and in fulfilling its fiduciary responsibilities to the Company and its shareholders. The members of the Company's senior leadership team, including our Chief Executive Officer, Co-Chief Compliance Officers, General Counsel, Chief Financial Officer, Senior Vice President of Internal Audit, and the Chief Operating Officer and Vice President and Director of ESG of our Manager, are responsible for the day-to-day management of risk, and the regular reporting to the Board or the appropriate committee, regarding the Company's major risk exposures (such as strategic and competitive risks, financial risks, brand and reputation risks, cybersecurity and technology risks, legal and compliance risks, regulatory risks, ESG risks, and operational risks) and the steps management has taken to monitor and control such exposures. Our Board is responsible for promoting an appropriate culture of risk management throughout the organization, overseeing our aggregate risk profile and monitoring how the Company addresses specific risks. In furtherance of this responsibility, the Board has continually added directors with general risk oversight experience, and specific expertise in areas such as cybersecurity, sustainability and global corporate citizenship.

Our General Counsel updates the Board regularly on material legal and regulatory matters and presents, and the Board assesses, at least annually, the critical legal and regulatory risks associated with the business of the Company and each of its subsidiaries, the overall risk environment for the Company's business, as well as the steps taken by the appropriate management team, if any, to mitigate such risks. The Board also performs a significant portion of its role in risk oversight through the Audit Committee. The Audit Committee charter provides that the Audit Committee shall assist the Board in fulfilling its oversight responsibility relating to the evaluation of enterprise risk issues and regularly discuss with management, counsel, the internal audit leadership and internal audit service providers, as the case may be, and the independent auditors, the Company's major risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Company's internal audit department reinforces the day-to-day risk management responsibilities of the Company's senior leadership team through its internal audit review processes which are performed at the Company level, as well as at each Company subsidiary. The internal audit department tailors its review to provide enhanced evaluations, on a rotating basis, in specific areas which have included, without limitation, fraud, cybersecurity, adequacy of insurance, gift and entertainment and other spending, offsite satellite office controls, and business continuity. Our internal audit team reports directly to the Audit Committee, which is comprised solely of independent directors. In addition, during each quarterly meeting of our Audit Committee, the members of the Audit Committee meet with the Company's Senior Vice President of Internal Audit, independent auditors and counsel, in each case, without management present, to discuss the specific areas of risk identified during the quarter, if any.

The Audit Committee is authorized to utilize outside lawyers, internal staff, independent experts, and other consultants to assist and advise the committee in connection with its responsibilities, including the evaluation of the Company's major risk exposures. The Company's Co-Chief Compliance Officers regularly, and no less than quarterly, brief the Audit Committee, who in turn reports to the full Board on matters of ethics and compliance.

In addition, if there are particular areas of exposure or applicable emerging areas of risk, for which directors do not already have expertise or familiarity, the Company leverages the expertise of management and/or outside advisors to provide training sessions to our Board. For example, during fiscal year 2022, our Board received specific training from an outside third party regarding the SEC's proposed rules regarding the Enhancement and Standardization of Climate-Related Disclosures for Investors and during fiscal year 2023, our Board received specific training from an outside third party regarding the SEC's proposed rules on Cybersecurity Risk Management, Strategy, Governance, and Incident Disclosure by Public Companies, in each case, prior to the adoption of such rules. Such trainings were in addition to the regular trainings provided to our Board and executive management team regarding business ethics, anti-corruption, and cyber awareness.

Board Role in Strategic Planning

The Board is involved in strategic planning and review throughout the year. Additionally, during one quarter of each year, the Board meets in a separate session dedicated to a discussion of the Company's strategy. The Chair and Chief Executive Officer review developments against the Company's strategy at Board meetings and management provides updates to the Board between regularly-scheduled sessions, as necessary. In addition, the Board approves specific initiatives throughout the year, including acquisitions and divestitures over a certain monetary threshold. The Board (or the appropriate committee) reviews trends identified as significant risks and other items of strategic interest such as ESG and cybersecurity on a regular basis at each quarterly meeting. The Board's annual schedule includes at least one meeting per year during which a subsidiary chief executive officer presents to the Board regarding such subsidiary's business, operations, strategy, and culture, on a rotating basis. This provides the Board with the opportunity to engage directly with subsidiary leadership.

Board Oversight of Succession Planning

Our Board is actively engaged in management succession planning and views Chief Executive Officer succession planning as one of its core responsibilities. The Board regularly meets with the Company's Chief Executive Officer to discuss and review our Manager's succession strategy and leadership pipeline for key roles. Chief Executive Officer succession planning discussions are led by our Chair and Board members have regular direct access to and interaction with current members of senior management and future leaders of the organization. The Manager has developed and shared with the Board a succession plan for the key members of management, as well as a contingency plan if the Chief Executive Officer were to depart unexpectedly.

Board Oversight of Environmental, Social, Governance (ESG)

Our Board and its committees exercise broad oversight over issues important to the Company, including ESG topics, as part of the Board's oversight of our business strategy and risk management. The full Board has oversight over the organization's ESG strategy, as detailed in the section titled "Our Commitment to ESG." In furtherance of this, the organization's Vice President and Head of ESG presents to and engages with the Board at each quarterly meeting regarding the Company's progress versus its established ESG strategy and objectives. The Board's standing committees each oversee specific environmental, social and governance matters that fall within their respective areas of responsibility. For example, the Audit Committee has oversight responsibility for compliance with the organization's periodic reporting and disclosure obligations, including the reporting and disclosure of human capital and climate related items as mandated by the SEC and other regulatory bodies. The Nominating/Governance Committee has responsibility for overseeing the organization's policies with respect to social issues, corporate social responsibility, global corporate citizenship, and human rights, as set forth in the Company's code of ethics, anti-corruption, and human rights and labor policies, and for also ensuring that the Company maintains strong governance practices.

Board Oversight of Cybersecurity

Our Board considers cybersecurity and cyber risk as part of its risk oversight function and has delegated oversight of cybersecurity risks to the Audit Committee. Two of our directors serving on our Audit Committee, Ms. Locke Simon and Ms. Shaffer, hold CERT Cybersecurity Oversight Certification from Carnegie Mellon. The Audit Committee has oversight responsibility for risks and incidents relating to cybersecurity threats, including compliance with disclosure requirements and related effects on financial and other risks, and it reports any findings and recommendations, as appropriate, to the full Board. Senior management regularly discusses cyber risks and trends, no less than quarterly, and, if they should arise, will discuss any material incidents with the Audit Committee. Both the Board and the Audit Committee periodically review the measures we have implemented to identify and mitigate cybersecurity risks. As part of such reviews, our Board and Audit Committee receive periodic reports and presentations, no less than quarterly, from members of the team responsible for overseeing cybersecurity risk management. These periodic reviews address various topics including evolving regulatory standards, recent developments, vulnerability assessments, third-party reviews, and other information security topics that senior management deems necessary. We have also established protocols by which certain cybersecurity incidents that meet established reporting thresholds are escalated internally and, where appropriate, reported to the Audit Committee or the Board in a timely manner. See Part I. Item IC. Cybersecurity of our Annual Report on Form 10-K for the fiscal year ended at December 31, 2023 for more information regarding our cybersecurity practices.

Communications with our Board

Our Board knows that the caliber of the information it collects is important to the caliber of the work it does. The Board therefore has created numerous practices to enable it to stay informed, and information from shareholders comprises an important part of this mix.

Our Chair and the chairs of our committees have shareholder engagement roles and are available for appropriate engagement. Shareholders can interact with our directors at our Annual Meeting. Additionally, all related person transactions are to be considered and conducted in a manner such that no preferential treatment is given to any such dealing of transactions. Relationships with Related Persons

OUR MANAGER

Our Manager (of which our Chief Executive Officer serves as the managing member) manages the day-to-day operations of the Company and oversees the management and operations of our subsidiary businesses. Our relationship with our Manager is governed principally by the Management Services Agreement.

While our Manager provides management services to the Company, our Manager is also permitted to provide services, including services similar to the management services provided to us, to other entities. In this respect, the Management Services Agreement and the obligation to provide management services does not create a mutually exclusive relationship between our Manager and the Company or our businesses. As such, our Manager, and our management team, will be permitted to engage in other business endeavors. Mr. Faulkingham, as Chief Financial Officer of the Company, devotes a substantial portion of his time to our affairs.

Our Manager receives management fees, offsetting management fees, fees under integration services agreements, if any, and reimbursement for certain expenses it incurs on behalf of the Company related to the foregoing, and uses such proceeds to pay the compensation, overhead, out-of-pocket and certain other expenses of our Manager, to satisfy its contractual obligations and otherwise distributes such proceeds to the members of our Manager, which includes Mr. Sabo, our Chief Executive Officer, in accordance with our Manager’s organizational documents. No other officers or directors of the Company own equity in our Manager.

Contractual Arrangements with Related Persons

MANAGEMENT SERVICES AGREEMENT

The Company and our Manager are parties to the Management Services Agreement pursuant to which we pay our Manager a quarterly management fee equal to 0.5% (2.0% annualized) of the Company's adjusted net assets as of the last day of each fiscal quarter in respect of the services performed by our Manager. The management fee paid to our Manager is required to be paid prior to the payment of any distributions to shareholders. Pursuant to the Management Services Agreement, the Manager is entitled to enter into offsetting management services agreements with each of our operating subsidiaries. The management fee due to our Manager by the Company under the Management Services Agreement is offset on a dollar-for-dollar basis by fees paid to our Manager by our subsidiary businesses under such offsetting management services agreements. For the years ended December 31, 2023, 2022 and 2021, we incurred approximately \$68.4 million, \$62.6 million, and \$46.4 million, respectively, in management fees under the Management Services Agreement, approximately \$61.9 million, \$56.6 million, and \$41.5 million, respectively, of which were paid directly by the Company. The Company reimbursed the Manager for expenses in the amount of approximately \$6.4 million, \$5.8 million, and \$5.4 million, principally for occupancy and staffing costs incurred by the Manager on behalf of the Company, during the years ended 2023, 2022 and 2021, respectively.

Waivers Under Management Services Agreement

During 2023, our Manager agreed to exclude unrestricted cash balances held at the Company at December 31, 2023 from the calculation of the management fee for such period pursuant to a waiver agreement entered into on December 31, 2023.

During 2022, our Manager agreed to waive, for the period through June 30, 2023, a portion of its management fee so that it would receive a 1% annual management fee related to PrimaLoft, Inc. rather than the 2% fee required under the Management Services Agreement. This resulted in a lower management fee at each of September 30, 2022, December 31, 2022 and June 30, 2023 than would normally have been due. During 2022, our Manager also agreed to exclude cash balances held at the Company at each of March 31, 2022 and June 30, 2022 from the calculation of the management fee for such periods.

During 2021, our Manager agreed to waive, for the period through December 31, 2021, a portion of the management fee and our Manager received a 1% annual management fee related to BOA Technology, Inc., rather than the 2% fee

required under the Management Services Agreement. This resulted in a lower management fee for fiscal year 2021 than would normally have been due. In the first quarter of 2021, our Manager agreed to waive the portion of the management fee related to the amount of the proceeds deposited with the trustee that was in excess of the amount payable related to the 2026 Senior Notes at March 31, 2021. Additionally, the Manager agreed to exclude cash balances held at the Company as of December 31, 2021 from the calculation of the management fee for such period.

OFFSETTING MANAGEMENT SERVICES AGREEMENTS

Our Manager has entered into offsetting management services agreements with each of our subsidiaries and may, at any time in the future, enter into offsetting management services agreements directly with the businesses that we own relating to the performance by our Manager of offsetting management services for such businesses. All fees, if any, paid by our subsidiaries to our Manager pursuant to an offsetting management services agreement during any fiscal quarter offset, on a dollar-for-dollar basis, the management fee otherwise due and payable by the Company to our Manager under the Management Services Agreement for such fiscal quarter. Offsetting management fees paid by our subsidiaries were approximately \$6.5 million, \$6.0 million and \$4.9 million during fiscal years 2023, 2022 and 2021, respectively.

LLC AGREEMENT

The Company has two types of equity interests: trust interests and allocation interests. The Trust is the sole owner of 100% of the trust interests of the Company. Pursuant to the LLC Agreement, the Trust owns an identical number of trust interests in the Company as exist for the number of outstanding shares of stock of the Trust. Sostratus LLC, who we refer to as the Allocation Member, owns 100% of the Company's allocation interests. Pursuant to the LLC Agreement, the Allocation Member is entitled to receive, if it so elects, a payment representing the positive contribution based profit realized by the Company following the acquisition of a subsidiary, which we refer to as a "profit allocation payment", upon the occurrence of a "Holding Event" (each five year anniversary of the acquisition of such subsidiary) or a "Sale Event" (a sale by the Company of a material amount of such subsidiary's stock or assets), in each case, as defined in the LLC Agreement.

If the Allocation Member elects to receive such payment in respect of a Holding Event or Sale Event of a subsidiary, the Company will make a profit allocation payment to the Allocation Member, if the Company's profits with respect to such subsidiary exceed an annualized hurdle rate of 7%, which hurdle is tied to such subsidiary's adjusted net assets (as defined in the LLC Agreement) relative to the sum of all of our subsidiaries' adjusted net assets. The calculation of profit allocation with respect to a particular subsidiary will be based on:

- such subsidiary's contribution-based profit, which generally will be equal to such subsidiary's aggregate contribution to the Company's profit during the period such subsidiary is owned by the Company; and
- the Company's cumulative gains and losses to date.

Generally, a profit allocation payment will be made in the event that the amount of profit allocation exceeds the annualized hurdle rate of 7% in the following manner: (i) 100% of the amount of profit allocation in excess of the hurdle rate of 7% but that is less than the hurdle rate of 8.75%, which amount is intended to provide the Allocation Member with an overall profit allocation of 20% once the hurdle rate of 7% has been surpassed; and (ii) 20% of the amount of profit allocation in excess of the hurdle rate of 8.75%. The Audit Committee, which is comprised solely of independent directors, approves the calculation of any profit allocation payment to be made to the Allocation Member.

Mr. Sabo, our Chief Executive Officer and the managing partner of our Manager, as well as certain employees of our Manager, including our Chief Financial Officer, Mr. Faulkingham, own (directly or indirectly) equity interests in the Allocation Member which entitles them to receive distributions from the Allocation Member when and if the Allocation Member receives a profit allocation payment from the Company. For the years ended at December 31, 2023, and 2022, Messrs. Sabo and Faulkingham and the other employees of our Manager, as a group, were entitled to receive approximately 63.0% and 62.0%, respectively, of any profit allocation payment made to the Allocation Member. CGI Diversified Holdings LP, the founding partners of the Manager, and a former director, Mr. C. Sean Day, who held an indirect interest representing approximately 5% of the total outstanding equity of the Allocation Member, were entitled to receive the remaining percentage of any such profit allocation payments made during fiscal years 2023 and 2022.

During fiscal year 2023, the Allocation Member received a profit allocation payment of approximately \$26.5 million in respect of the February 2023 Sale Event of the Company's Advanced Circuits Inc. subsidiary. During fiscal year 2024, the

Allocation Member received a profit allocation payment of approximately \$48.9 million in respect of the November 2023 Sale Event of the Company's Marucci Sports, LLC subsidiary.

There were no profit allocation payments made to the Allocation Member during the fiscal year ended December 31, 2022.

INTEGRATION SERVICES AGREEMENTS

Our Manager acts as an advisor to the Company during acquisitions. In the first year of an acquired subsidiary's ownership, our Manager will provide integration services to the newly acquired company. Integration services include reviewing, evaluating and otherwise familiarizing itself with the business, operations, properties, financial condition and prospects; familiarizing the subsidiary management team with the Company's periodic reporting, corporate governance and Sarbanes Oxley Act of 2002, as amended ("SOX") obligations; familiarizing the subsidiary management team with the Company's ESG framework and establishing a baseline measurement of ESG factors identified by the Company; reviewing the new subsidiary's policies and procedures and, where appropriate, aligning such policies and procedures with other of the Company's subsidiaries; and assisting in establishing a new board of directors, including identifying and engaging outside and independent director resources, if appropriate. Generally, payments pursuant to integration services agreements are made in equal quarterly installments over a twelve-month period. The Honey Pot Company, which we acquired in February of 2024, entered into an integration services agreement pursuant to which it will pay our Manager an integration services fee of \$3.5 million, over the twelve-month period commencing on June 30, 2024. PrimaLoft, Inc., which was acquired in July 2022, entered into an integration services agreement pursuant to which it paid our Manager an integration services fee of \$4.8 million, over the twelve-month period that ended at June 30, 2023.

During the years ended December 31, 2023, 2022, and 2021, our Manager received approximately \$2.4 million, \$4.0 million, and \$3.9 million, respectively, in total integration service fees. All integration services agreements are approved by the Nominating/Governance Committee, which is comprised solely of independent directors, in accordance with our governing documents.

Other Related Person Transactions

Our Manager entered into a marketing services agreement with the Company's Velocity Outdoor Inc. subsidiary in January of 2022 (the "Marketing Services Agreement") pursuant to which Velocity has agreed to make annual

payments to the Manager in the aggregate amount of \$240,000, plus reimbursement for certain expenses, in exchange for marketing services. The Marketing Services Agreement had an initial term of one year, was subsequently renewed for an additional one-year term in each of 2023 and 2024, and the annual payment amounts to the Manager increased to \$248,400, and \$255,852, respectively, in each

case, plus reimbursement for certain expenses. The Marketing Services Agreement is not an offsetting management services agreement. The Nominating/Governance Committee, which is comprised solely of independent directors, approved the terms and conditions of the Marketing Services Agreement, as well as the subsequent renewals of such agreement.

Director Compensation

Our Compensation Committee is responsible for periodically evaluating and making recommendations to the Board concerning the total compensation package for non-management directors. To effectively align the interests of our directors and shareholders, our 2023 non-management director compensation included a balanced combination of cash retainers and compensation which our directors are encouraged to use to purchase shares of Trust common stock.

Non-Management Director Compensation Fiscal Year 2023

The elements of our annual non-management director compensation for fiscal 2023 were as follows:

Annual Non-Management Director cash retainer	\$100,000
Annual Non-Management Director equity retainer ⁽¹⁾	\$110,000
Annual Nominating & Corporate Committee chair cash retainer ⁽²⁾	\$ 10,000
Annual Compensation Committee chair cash retainer ⁽²⁾	\$ 10,000
Annual Audit Committee chair cash retainer ⁽²⁾	\$ 40,000
Annual cash retainer for independent Chair	\$157,500
Annual equity retainer for independent Chair	\$132,500

(1) Each director may elect to receive this amount in cash.

(2) This is in addition to the annual director cash and equity retainers payable to all non-management directors.

All cash retainers are paid in equal installments, quarterly in arrears. Directors do not receive additional compensation for attendance at Board or committee meetings. Directors (including the Board Chair) are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board or its committees. The Company also reimburses directors for all reasonable and authorized business expenses related to service to the Company by the directors, in their capacity as directors, including director training, continuing education programs, director certification programs, and membership to organizations that provide thought leadership and peer-to-peer networking opportunities for directors, as applicable, in accordance with the policies of the Company as in effect from time to time.

While directors may elect to receive such amount in cash, the annual "equity retainer" portion of our non-management directors' compensation is strongly encouraged to be used by our directors to purchase shares of Trust common stock. Consequently, each non-management director who elects to use such award to purchase shares of Trust common stock receives that number of shares of Trust common stock that can be purchased with such amount at the market price for shares of Trust common stock on the date of purchase. During 2023, and historically, such "equity retainer" was paid to our directors in January of each year, in respect of their service for the prior fiscal year.

Consistent with prior years, in early 2024, the Compensation Committee conducted a survey of the director compensation practices of other companies that it considered reasonably comparable to the Company. The Compensation Committee also considered the time commitment, responsibilities, and related burdens of Board service over the Company's history. Based upon this review, the Compensation Committee recommended to the full Board that (i) the "equity retainer" portion of the non-management director compensation for fiscal year 2024 be increased from \$110,000 per annum to \$120,000 per annum and that such "equity retainer" be paid to directors following their election at each of the Company's annual shareholders' meetings in respect of their service for the twelve-month calendar period up and until the next annual meeting of shareholders, and (ii) the cash retainer portion of the non-management director compensation for fiscal year 2024 remain at \$100,000 per annum. The full Board ratified the Compensation Committee's recommendations.

Management Director(s)/Appointed Director(s) Compensation

Pursuant to our LLC Agreement, neither the Allocation Member's Appointed Director(s), nor any executive officer of the Company serving as a director who is an employee of our Manager, may be paid compensation as a director or chair of any committee or subcommittee of the Board; provided, however, these directors may be reimbursed for their expenses, if any, incurred with respect to their attendance at each meeting of the Board, as well as any expenses reasonably incurred in their capacities as directors. Accordingly, Mr. Sabo, our Chief Executive Officer and the Allocation Member's Appointed Director, does not receive compensation from the Company for his role as a director. Mr. Sabo is reimbursed by the Company for his expenses, if any, incurred with respect to his attendance at each meeting of the Board and any expenses reasonably incurred in his capacity as a director.

We developed a comprehensive reporting guideline handbook for our subsidiaries, ensuring each has successfully met their ESG and minimum standard reporting requirements via our specialized ESG technology platform designed for efficient data gathering. Additionally, we refined our community mission statement and fortified our collaborative partnerships.

Our Business

Compass Diversified owns and actively manages a diverse group of innovative and disruptive middle market businesses in the industrial and branded consumer sectors and we expect to expand into the healthcare sector. We are an experienced acquirer and manager of middle-market North American companies. Since 2006, we have acquired and operated twenty-four businesses and have supported our subsidiaries who have consummated thirty-four add-on acquisitions during that same period. Currently, our subsidiary businesses include seven branded consumer businesses and three industrial businesses.

² The information in our Sustainability Report is not incorporated by reference into, and does not form a part of, this Proxy Statement.

Symbiotically, our public company structure gives us an advantage in that our capital structure provides our subsidiaries with a much more stable funding base than stand-alone private, leveraged entities. This funding base allows us to take longer-term views and positions us to deliver returns across a wide range of economic climates. Our shareholders have been rewarded with more than a billion dollars in realized gains since our 2006 initial public offering.

Since our Manager’s founding in 1998, and the Company’s subsequent initial public offering in 2006, our strategy and philosophy have always remained the same — we look to acquire and manage companies that we could own forever and that exhibit a clear “reason to exist.” In 2018, we further refined and enhanced our strategy, with the objective of owning and managing high-growth, innovative and disruptive businesses. We are passionate about partnering with outstanding management teams and supporting them with patient growth capital. We have found that companies who strategically plan for the long term have outperformed those who only focus on the short term.

We create value for our shareholders in two ways: First, we identify, perform due diligence on, negotiate and consummate platform acquisitions of middle market businesses with high growth potential, primarily in the verticals of industrial, branded consumer and healthcare, in accordance with acquisition criteria established by our Manager and our Board. Second, we focus on helping our subsidiaries grow earnings and cash flow. We believe that the scale and scope of our businesses give us a diverse base of cash flow upon which to further build.

Our subsidiaries include many brands that are household names. Those brands include The Honey Pot, Sterno, Ergobaby, Lugano, BOA, PrimaLoft, and 5.11, and in the past we’ve managed brands such as Marucci Sports, Camelbak, Fox, Liberty Safe, and Manitoba Harvest. Even if you have not heard of Compass Diversified, you are likely familiar with one or more of our brands.

Our Commitment to ESG

As our Company has evolved, our approach has shifted from merely building the business case for awareness of ESG to actively embedding ESG as a cornerstone of our core business strategy. ESG issues play a pivotal role in our analysis of potential acquisitions, assessing both risks and opportunities, and serve as a lever to increase value in the companies we own. Our ESG strategy is driven by three main objectives: (1) gaining long-term value through the identification of companies with robust ESG credentials, (2) safeguarding our acquisitions from ESG-related risks by choosing companies prepared for various challenges, and (3) realizing ESG benefits by pinpointing and leveraging opportunities for added value. Our ESG framework is built on two principal pillars and is reinforced by eight critical areas, all of which are rooted in stringent governance practices.

This framework enables a comprehensive and flexible approach to both the acquisition and management of our subsidiaries, affirming that key ESG factors are integral to long-term value creation. This facilitates oversight of our acquisitions and enhances our

responsiveness to stakeholder needs. Developed following a materiality assessment we performed in 2022, our framework underwent a significant update in 2023. We engaged an external third party to refine our materiality assessment, including performing an assessment of double materiality at the Company level. Simultaneously, the external third party conducted initial formal materiality assessments for four of our subsidiary businesses.

Our Structure and Management

“Compass Diversified,” as we refer to it, is comprised of three separate, independent, business entities that work closely together: Compass Group Management LLC, the privately held external manager of the organization, which we refer to as the “Manager”, Compass Diversified Trust, which we refer to as the “Trust” and Compass Group Diversified Holdings LLC, which we refer to as the “Company.” Although the shares issued to the public are technically at the Trust level (NYSE: CODI), the Trust and the Company file consolidated reports with the SEC.

The Company has access to substantial financial resources which are utilized for the acquisition and active management of innovative and disruptive middle-market businesses. Upon completion of an acquisition, we immediately begin to work with the acquired company’s management team to identify the most critical and time sensitive needs and develop strategies to address them.

Our unique structure allows for the efficient and quick consummation of transactions, without financing contingencies, including obtaining acquisition financing on a transaction-by-transaction basis. In addition, our subsidiaries have ongoing access to substantial growth capital. Finally, our long-term ownership perspective is not impacted by artificial ownership timing criteria. Rather, we continuously work with our subsidiaries to achieve growth organically and through add-on on acquisitions and opportunistically evaluate strategic alternatives and assess the appropriate individual course of action for each of those companies, without regard to external and unrelated factors.

Our management services are provided by our Manager in accordance with the Management Services Agreement. The Management Services Agreement defines the duties and responsibilities of our Manager, its relationship with the Company, and the areas over which the Company’s Board has ultimate oversight and authority. The Manager, in exchange for a management fee, is tasked with performing the services necessary for the day-to-day business, operations and affairs of the Company’s business, as the Company currently does not have any employees and does not expect to have any employees in the foreseeable future.

The services necessary for the operation of the Company’s business are performed by employees of our Manager under the leadership of Mr. Sabo and Mr. Faulkingham, who are seconded to the Company as Chief Executive Officer and Chief

Financial Officer, respectively. This means that they have been assigned by our Manager to work for the Company during the term of the Management Services Agreement between us and our Manager. The pay ratio disclosure rules of Item 402(u) of Regulation S-K require an issuer to disclose the ratio of the total compensation of the median employee of the issuer and its consolidated subsidiaries, if any, to the total compensation of the issuer’s chief executive officer. Because we do not reimburse our Manager for our Chief Executive Officer’s compensation, we do not believe such pay ratio disclosure would provide meaningful information to our shareholders and, therefore, do not provide a pay ratio disclosure in our Proxy Statement.

Our Performance

In 2023, our business delivered for our shareholders. Our core differentiators of permanent capital, lower cost to capital, and actionable expertise, allowed us to generate these exceptionally strong results, including:

- Grew consolidated net sales by 7% to \$567.0 million in the fourth quarter of 2023, and up 2% to 2.1 billion for the full 2023 year;
- Reported Non-GAAP Adjusted EBITDA for the fourth quarter of 2023 of 94.8 million, a 35% increase from the prior year period, and \$340.9 million for the full year 2023, an 11% increase versus 2022; and
- Reported net income of \$262.4 million compared to \$51.4 million a year ago, and non-GAAP Adjusted Earnings of \$116.7 million, compared to \$110.2 million for 2022.

Adjusted Earnings and Adjusted EBITDA are non-generally accepted accounting principle (“GAAP”) metrics. See pages 113-120 of our Annual Report on Form 10-K under the heading “Reconciliation of Non-GAAP Financial Measures” for reconciliations to the most directly comparable GAAP financial measures.

Response to Market Conditions

Our diversified group of subsidiaries in both the branded consumer and industrial verticals, exhibited resilience against the backdrop of challenging macroeconomic trends in 2023. At the end of 2023, we saw some of those headwinds begin to abate, which led to an extraordinary quarter and has us feeling optimistic about 2024. The U.S. consumer outlook for 2024 appears healthy with unemployment at historically low levels, and wages growing above trend. Despite global

geopolitical tensions, our industrial vertical is also positioned for growth, as a more stable macro economy and company-led innovation positions us well for another year of expected growth.

Overview of our Executive Compensation

Our Manager determines and pays the compensation of the executive officers seconded to us, as well as the employees of our Manager performing services on our behalf. We do not reimburse our Manager for the compensation paid to our Chief Executive Officer, Mr. Sabo. We do, however, pay our Manager a quarterly management fee and our Manager uses the proceeds from the management fee to pay employees performing services on our behalf, to cover the Manager's operating expenses and to pay distributions to Mr. Sabo in respect of his equity ownership interest in and role as the managing member of our Manager. Our Compensation Committee, which is comprised solely of independent directors, oversees the calculation and payment of the management fee paid to our Manager.

The Company, after due consultation with the Manager, has the right to request that the Manager replace any individual seconded to the Company, including, without limitation, Mr. Sabo as the Company's Chief Executive Officer, subject to the terms and conditions of the Management Services Agreement and the LLC Agreement.

Pursuant to the Management Services Agreement, we reimburse our Manager for the compensation paid to our Chief Financial Officer, Mr. Faulkingham. Such reimbursement is approved by the Compensation Committee, which is comprised solely of independent directors. The terms and conditions of Mr. Faulkingham's employment are governed by an employment agreement between Mr. Faulkingham and our Manager. A description of Mr. Faulkingham's compensation is set forth below.

The discussion below relates to the compensation policies and philosophy for Mr. Faulkingham only, as the services performed by the Company's Chief Executive Officer are provided at the cost of the Manager and are not reimbursed by the Company.

Shareholder Engagement

A majority of our shareholders have approved, on an advisory basis, the executive compensation of our named executive officer(s) (Say-on-Pay), since the inception by us of an advisory vote regarding the executive compensation of our named executive officer(s). Over the past three years we have received support in excess of 80% with respect to Say-on-Pay and in 2023, we received 81.98% support on our advisory

Say-on-Pay vote. Over the past few years, we have steadily increased our shareholder outreach efforts on topics including executive compensation and our management structure, and we have initiated communications with certain institutional shareholders to better understand voting decisions and address any shareholder concerns. In addition, to improve our ability to reach smaller investors, we utilize a third-party investor relations firm to assist with, among other things, continuing shareholder engagement. We regularly communicate with our shareholders regarding our executive compensation practices. The Company intends to continue engaging directly with shareholders on these topics.

Elements of Our Executive Compensation and How Each Relates to Our Overall Compensation Objectives

Mr. Faulkingham's employment agreement provides that his annual compensation is to be paid through a combination of a base salary and an annual cash bonus. Both elements are designed to be competitive with comparable employers in our industry and intended to provide incentives and reward Mr. Faulkingham for his contributions to the Company.

Objectives of Our Executive Compensation and What it is Designed to Reward

The primary objective of the aforementioned elements of our executive compensation is to attract and retain a qualified and talented individual to serve as our Chief Financial Officer. Through payment of a competitive base salary, we recognize particularly the experience, skills, knowledge and responsibilities required of the Chief Financial Officer position. An annual cash bonus is designed to reward our Chief Financial Officer's individual performance during the year and can therefore be variable from year to year.

How We Determine the Amount of Each Element of Executive Compensation for our Chief Financial Officer

To determine the amount of our Chief Financial Officer's compensation, we consider competitive market practices by reviewing publicly available information across our industry and related industries. Mercer (USA) Inc., a third-party consulting firm, was engaged by the Company in early 2023 to provide executive compensation benchmarking services with respect to the compensation of our Chief Financial Officer. Mercer provided a peer analysis but did not make specific compensation recommendations. When establishing Mr. Faulkingham's 2024 base salary, the Compensation Committee and management considered several factors including: his seniority, the functional role of his position, the

level of his responsibility, the ability to replace him, and his base salary during the prior year. The Compensation Committee also considered feedback received from our shareholders who engage in regular communications with our management team, the most recent advisory votes on executive compensation, which were supported by a majority of our shareholders in each of fiscal years 2023, 2022 and 2021, and whether such compensation continues to achieve the objective of appropriately rewarding our Chief Financial Officer for his contributions to our business, including its growth and profitability.

Our Chief Financial Officer's compensation is reviewed on an annual basis. Factors considered in determining increases to our Chief Financial Officer's salary level are the employment market for chief financial officers of public entities comparable to the Company in size, industry and complexity, the breadth and scope of the responsibilities of the Chief Financial Officer within our organization, his performance in prior years (as assessed by our Compensation Committee in accordance with the factors outlined below) and the retention of our Chief Financial Officer. We expect the salary of our current Chief Financial Officer, Mr. Faulkingham, to increase annually with adjustments largely reflecting additional responsibilities assumed, growth of the Company and the related increase in the complexity of the position of Chief Financial Officer within our organization, to appropriately reward Mr. Faulkingham for his contributions to our growth and profitability, thereby retaining his services and to compensate for cost-of-living increases.

The annual cash bonus element of our executive compensation policy is determined on a discretionary basis and is largely based upon the job performance of our Chief Financial Officer in completing his responsibilities. In determining the amount of Mr. Faulkingham's annual cash bonus, our Compensation Committee assesses his performance in respect of: (i) the nature and quality of the internal and financial reporting controls; (ii) management of the Company's financial accounting staff; (iii) the performance of the Company's financial accounting function and its ability to perform assigned tasks on a timely basis; (iv) his and the financial accounting staff's interactions with the Company's outside independent auditors on the strength of the controls environment, the strength of the Company's finance function generally and the level of cooperation received by such independent auditors in the conduct of the Company's audit; (v) his and the financial accounting staff's interaction with the management of our subsidiary businesses; and (vi) his lead role in capital raises and in investor relations. Our Chief Financial Officer's bonus is not based upon the performance of the Company and is unrelated to the amount of his base salary.

Compensation Information from Our Manager and the Allocation Member

Our Manager and the Allocation Member have provided us with certain information to help put into context the amounts paid or distributed to our named executive officers in 2023 by our Manager and the Allocation Member in relation to the management fee we paid to our Manager and the profit allocation payment we made to the Allocation Member, respectively.

Our Chief Executive Officer, Mr. Sabo, is our only executive officer that owns equity in our Manager. Mr. Sabo receives compensation from our Manager which is not reimbursed by us. Our Manager estimates that the total amount paid or distributed to Mr. Sabo, that was reasonably associated with his services as our Chief Executive Officer was approximately \$4.5 million in the aggregate and represented 6.6% of the \$68.4 million management fee paid or payable by us to our Manager in 2023. Of the total compensation paid to Mr. Sabo by our Manager in 2023 that was estimated to be reasonably associated with his services as our Chief Executive Officer, approximately 10.5% was fixed, and approximately 89.5% was variable or incentive pay. The amount of such variable or incentive pay is determined primarily by the amount of Mr. Sabo's equity interest in our Manager and the amount of our Manager's income derived from the Company, with applicable adjustments, excluding the estimated amount Mr. Sabo would have received had he not provided services to us.

Although Mr. Sabo is the managing member and an equity holder of our Manager and therefore has an interest in the management fee paid to our Manager and may receive cash distributions from our Manager periodically at its discretion, our Manager does not compensate Mr. Sabo specifically for his services to us. Mr. Sabo also provides other services to our Manager.

Our Chief Financial Officer, Mr. Faulkingham, whose compensation is paid by our Manager and fully reimbursed by us, does not own equity in our Manager or receive compensation from our Manager reasonably associated with his services as our Chief Financial Officer, other than that compensation which is reimbursed by us, as disclosed elsewhere in this Proxy Statement.

The Allocation Member estimates that the total amount paid or distributed to Messrs. Sabo and Faulkingham in 2023 that was reasonably associated with their services to us was approximately \$3.83 million in the aggregate, which consisted of approximately \$2.99 million to Mr. Sabo and approximately \$0.84 million to Mr. Faulkingham, and represented approximately 14.5% of the \$26.5 million profit allocation

payment paid or payable by us to the Allocation Member in 2023. Of the total compensation paid to Messrs. Sabo and Faulkingham by the Allocation Member that was estimated to be reasonably associated with their services to us, 100% was variable or incentive pay. The amount of such variable or incentive pay to each of Messrs. Sabo and Faulkingham is determined by the amount of his applicable equity interests in the Allocation Member and the amount of applicable profit allocation payment paid or payable by us to the Allocation Member in 2023, with applicable adjustments, excluding the portion of payment or distribution each would have received had he not provided services to us. Please see the section titled “CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS – Contractual Arrangements with Related Parties – LLC Agreement” herein for additional details regarding the calculation of the profit allocation payments.

The amount of payments or distributions by our Manager and the Allocation Member to Messrs. Sabo and Faulkingham, as applicable, is derived by our Manager and the Allocation Member and is not within our control, except for our Manager’s compensation to Mr. Faulkingham which is fully reimbursed by us as disclosed elsewhere in this Proxy Statement.

- (1) Mr. Sabo, our Chief Executive Officer, who is seconded to us by our Manager does not receive compensation for his services directly from us. Mr. Sabo also provides other services to our Manager and our Manager does not compensate Mr. Sabo specifically for his services to us. We pay our Manager a quarterly management fee and Mr. Sabo, as an equity member of our Manager, receives periodic cash distributions from our Manager after payment of operating costs, compensation and other expenses related to our Manager's employees and its other members. The amount of such distribution, which relates not only to the management fee paid by us but also the Manager's other income is derived by the Manager and is not within our control. Accordingly, no compensation information for Mr. Sabo is reflected in the above summary compensation table. We incurred approximately \$68.4 million, \$62.6 million, and \$46.4 million of management fees under the Management Services Agreement during each of 2023, 2022, and 2021, respectively, the payments made by the Company of such management fees in each year were reduced dollar-for-dollar by approximately \$6.5 million, \$6.0 million, and \$4.9 million respectively, due to offsetting management fees paid by our subsidiaries under offsetting management services agreements with our Manager during each of 2023, 2022, and 2021, respectively. See the sections titled "CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS – Contractual Arrangements with Related Persons – Management Services Agreement" and "CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS – Contractual Arrangements with Related Persons – Offsetting Management Services Agreements" for additional information about the Management Services Agreement and offsetting management services agreements.

None of our named executive officers participate in or have account balances in any Company sponsored plan-based award programs.

Employment Agreements

Employment Agreement with Ryan J. Faulkingham. In 2013, our Manager entered into an employment agreement with Mr. Faulkingham. The Manager has seconded Mr. Faulkingham to the Company to act as its Chief Financial Officer.

For fiscal year 2023, Mr. Faulkingham was paid a base salary in the amount of \$474,000 per annum. Mr. Faulkingham's base salary was increased to \$500,000 per annum for fiscal year 2024, as recommended by the Manager and ratified and approved by the Company's Compensation Committee. The Manager has the right to increase, but not decrease, Mr. Faulkingham's base salary during the term of his employment agreement. The employment agreement with our Manager provides that Mr. Faulkingham is entitled to receive an annual bonus as determined in the sole judgment of our Manager, subject to ratification and approval of the reimbursement of such amount by the Compensation Committee of our Board. The employment agreement prohibits Mr. Faulkingham from (i) competing with the Company or the Manager, and (ii) soliciting any of the Manager's employees, including those performing services for the Company, for a period of one year after the termination of his employment. The employment agreement also requires that Mr. Faulkingham protect the Company's confidential information.

Share Ownership Guidelines

Our Board believes that non-employee directors of the Company should own meaningful amounts of the common shares of the Trust to promote a long-term perspective and confidence in the Company and to ensure alignment with shareholders, capital markets and public interests. To meet this objective, in February of 2023 the Board established Share Ownership Guidelines for non-employee directors, under which each non-employee director is expected to acquire and continue to hold during his or her term as a director of the Company common shares of the Trust having a value equal to five (5) times such director's annual cash retainer, rounded up to the nearest 500 shares (the "Ownership Requirement"). Non-employee directors are required to achieve the applicable Ownership Requirement within five (5) years after their first full year of service on the Board. If the Ownership Requirement is changed or reset, the applicable non-employee directors are required to achieve the applicable

Ownership Requirement within five (5) years of any such change to the Ownership Requirement. Shareholdings that count towards the Ownership Requirement include shares held directly by the non-employee director, shares held by his or her spouse or dependent children, and shares held in trust for the economic benefit of the non-employee director or his or her spouse or dependent children.

Our Nominating/Governance Committee oversees compliance with the Share Ownership Guidelines and the Board may amend the Share Ownership Guidelines as it deems necessary or appropriate.

Clawback Policy

The Board believes that it is in the best interests of the Company and its shareholders to maintain a culture that emphasizes integrity and accountability and that reinforces our compensation philosophy. Therefore, in 2023, the Board adopted our Clawback Policy which provides for the recoupment of erroneously awarded executive compensation in the event an accounting restatement is required. Our Clawback Policy is designed to comply with Section 10D of the Exchange Act, Exchange Act Rule 10D-1, and Section 303A.14 of the NYSE Listed Company Manual. Our Clawback Policy is available on our website at www.compassdiversified.com.

Anti-Hedging and Anti-Pledging Policy

To prevent speculation or hedging of executive officers' and directors' interests in our equity, the Compass Diversified Holdings, Compass Group Diversified Holdings LLC (Including Subsidiaries) and Compass Group Management LLC Policy Regarding Insider Trading, Tipping and Other Wrongful Disclosures, which we refer to as our "Insider Trading Policy", prohibits short sales, hedging transactions and short-term trading (unless pursuant to stock option exercises or other employee benefit plan acquisitions) of Trust stock, and the purchase or sale of options, puts, calls, exchange-traded options, or any derivative security that has similar characteristics, by our executive officers and directors. Our Insider Trading Policy also provides that our executive officers and directors may not hold our securities (regardless of how such securities are obtained) in a margin account or pledge such securities as collateral for a loan. None of our executive officers or directors hold our securities in a margin account or have pledged our securities as collateral for a loan. Our Insider Trading Policy is available on our website at www.compassdiversified.com.

Outstanding Equity Awards at Fiscal Year-End; Option Exercises and Stock Vested

None of our named executive officers have ever held options to purchase interests in us or other awards with values based on the value of our interests.

Pension Benefits

None of our named executive officers participate in or have account balances in qualified or nonqualified defined benefit plans sponsored by us.

Nonqualified Deferred Compensation

None of our named executive officers participate in or have account balances in nonqualified defined contribution plans or other deferred compensation plans maintained by us.

Potential Payments upon Termination or Change-in-Control

The following summarizes potential payments payable to our named executive officers upon termination of employment or a change-in-control.

EMPLOYMENT AGREEMENT WITH RYAN J. FAULKINGHAM

Pursuant to his employment agreement, if Mr. Faulkingham is terminated (i) by the Manager other than for death or disability or for “proper cause” or (ii) by Mr. Faulkingham for “good reason,” the Manager shall pay Mr. Faulkingham all amounts to which he may be entitled up to the termination date. Conditioned upon Mr. Faulkingham’s execution (and, if applicable, non-revocation) of a full waiver and release of all claims against the Manager and its affiliates and their respective officers, directors, shareholders, employees and agents containing standard terms for such an agreement, the Manager shall, within forty-five (45) days after the date of termination, pay Mr. Faulkingham, in a lump sum, less legally required withholdings, an amount equal to the Mr. Faulkingham’s base salary rate at the termination date plus the discretionary bonus, if any, paid to Mr. Faulkingham for the immediately preceding year. Were such a circumstance and subsequent execution of a full release and waiver to occur as of December 31, 2023, Mr. Faulkingham would have been entitled to receive \$1,030,000.

If Mr. Faulkingham terminates his employment for other than “good reason” or if the Manager terminates his employment for “proper cause”, Mr. Faulkingham’s only rights and benefits are to receive (i) base salary compensation accrued through the termination date, and (ii) unpaid reimbursable expenses incurred for the benefit of the Manager prior to the termination date.

In Mr. Faulkingham’s employment agreement “proper cause” is defined to mean: (a) any breach by Mr. Faulkingham of any material provision of the employment agreement; (b) an act of dishonesty, gross negligence or willful misconduct, or a willful or reckless violation of a material regulatory requirement, or of any material written policy or procedure applicable to the Company, the Manager or its affiliates by Mr. Faulkingham, if such act has a material adverse impact on the financial interests or business reputation of the Company, the Manager or its affiliates; (c) any breach of Mr. Faulkingham’s duty of loyalty or other fiduciary duties to the Company, the Manager or its affiliates; (d) a willful failure of Mr. Faulkingham to follow the reasonable directives of the managing member of the Manager or the Board pertaining to legal compliance or audits of the Company, the Manager or its affiliates; (e) Mr. Faulkingham’s conviction of, or plea of nolo contendere to, a crime which the Manager reasonably determines materially and adversely affects the reputation of the Company, the Manager or any of its affiliates or Mr. Faulkingham’s ability to perform the services required under the employment agreement; or (f) the commission of an act of fraud, embezzlement, or misappropriation by Mr. Faulkingham with respect to his relations with the Company, the Manager or any of their respective employees, customers, agents, or representatives.

“Good reason” is defined in Mr. Faulkingham’s employment agreement to mean: (a) a breach by the Manager of any of the material provisions of the employment agreement that is not remedied; (b) a material diminution in Mr. Faulkingham’s duties, authority, and responsibilities other than changes (i) to which Mr. Faulkingham has consented; or (ii) that have been eliminated or cured; or (c) the relocation without Mr. Faulkingham’s consent of his principal place of employment more than sixty (60) miles from the Manager’s Westport, Connecticut or Costa Mesa, California locations.

CEO Pay Ratio

Our Chief Executive Officer and Chief Financial Officer are employees of our Manager and have been seconded to us to perform services on our behalf, as more fully described in the Management Services Agreement between the Company and the Manager. The Company does not compensate our Chief Executive Officer for the services that he provides to the Company as Chief Executive Officer. Rather, a management fee is paid to our Manager quarterly in respect of the services it performs for the Company pursuant to the Management Services Agreement and the Manager allocates a portion of such management fee to cover the Manager’s operating costs, overhead and other expenses, including the costs and expenses related to the compensation of all of the Manager’s personnel, other than the Chief Financial Officer and the Chief Financial Officer’s staff. The costs and expenses related to the compensation of our Chief Financial Officer and the Chief Financial Officer’s staff paid by our Manager are reimbursed by the Company. Our Chief Executive Officer, as an equity

owner of the Manager, along with the other equity owners of the Manager, receives certain distributions from the Manager after payment by the Manager of the aforementioned costs and expenses. No CEO Pay Ratio is provided in this Proxy Statement because our Chief Executive Officer receives no compensation from the Company for his services to us, the amount of payments or distributions by our Manager to our

Chief Executive Officer are not within our control and are derived not only from the management fee paid by us but also the Manager's other income, our Manager does not compensate Mr. Sabo specifically for his services to us, and Mr. Sabo also provides other services to our Manager unrelated to us.

Pay Versus Performance

As required by Item 402(v) of Regulation S-K, which was mandated by Section 953(a) of the Dodd-Frank Act, we are providing the following information about the relationship between “compensation actually paid” to our principal executive officer “PEO” and “compensation actually paid” to our non-PEO named executive officers “NEOs”, and the financial performance of the Company during the years ended December 31, 2023, 2022, 2021, and 2020, respectively, in each case calculated in a manner consistent with SEC rules. This section should be read in conjunction with the Compensation Discussion and Analysis set forth on pages 31 to 40 of this Proxy Statement, which includes additional discussion of the objectives of our executive compensation for our named executive officers and how it aligned with the Company’s financial and operational performance.

Included in the table below is the annual compensation paid to our named executive officers and our financial performance for each of the four previous fiscal years.

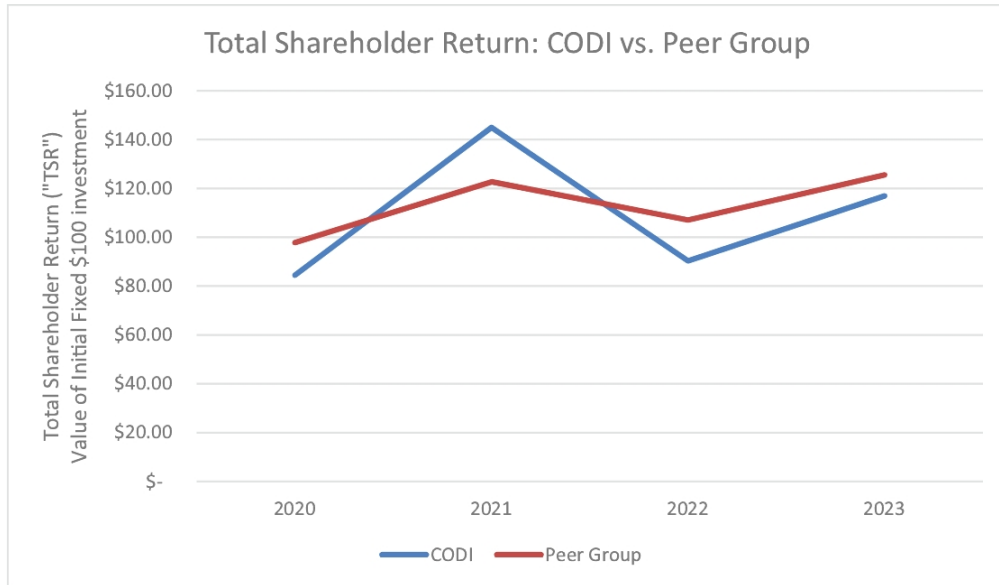

Year	Summary compensation table total for PEO ⁽¹⁾	Compensation actually paid to PEO ⁽¹⁾	Average summary compensation table total for non-PEO NEOs ⁽²⁾⁽³⁾	Average compensation actually paid to non-PEO NEOs ⁽³⁾	Value of initial fixed \$100 investment based on:		Net income in (000’s)
					Total shareholder return ⁽⁴⁾	Peer group total shareholder return ⁽⁵⁾	
2023	—	—	\$1,117,449	\$1,117,449	\$116.99	\$125.55	\$262,405
2022	—	—	\$1,072,780	\$1,072,780	\$ 90.35	\$107.05	\$ 51,438
2021	—	—	\$1,043,399	\$1,043,399	\$145.03	\$122.65	\$126,809
2020	—	—	\$1,026,683	\$1,026,683	\$ 84.50	\$ 97.82	\$ 27,197

- (1) Mr. Elias J. Sabo, our Chief Executive Officer, who is seconded to us by our Manager, does not receive compensation for his services directly from us. Mr. Sabo also provides other services to our Manager and our Manager does not compensate Mr. Sabo specifically for his services to us. We pay our Manager a quarterly management fee and Mr. Sabo, as an equity member of our Manager, receives periodic cash distributions from our Manager after payment of operating costs, compensation and other expenses related to our Manager’s employees and its other members. The amount of such distributions, which relates to not only the management fee paid by us but also the Manager’s other income, is derived by the Manager and is not within our control. Accordingly, no compensation information for Mr. Sabo is reflected in the “summary compensation table total for PEO” or the “compensation actually paid to PEO” columns.
- (2) Mr. Ryan J. Faulkingham, our Chief Financial Officer, was the Company’s only non-PEO named executive officer compensated by the Company for the periods reported in this table. Accordingly, the amounts reported in these columns reflect the summary compensation table totals and the compensation actually paid to Mr. Faulkingham for the years 2023, 2022, 2021, and 2020, respectively.
- (3) Mr. Faulkingham does not participate in any Company sponsored defined benefit or actuarial pension plans, or any Company sponsored stock award, stock option, non-equity incentive or nonqualified deferred stock compensation plans. Therefore, the compensation actually paid to Mr. Faulkingham was equal to his summary compensation table totals for each of 2023, 2022, 2021, and 2020, respectively.
- (4) Our total shareholder return assumes the investment of \$100 in our common stock on the last trading day before the earliest fiscal year in the above table through and including the end of the fiscal year for which total shareholder return is depicted.
- (5) Represents total shareholder return for NYSE Financial Sector Index.

Most Important Performance Measures

For the fiscal year ended December 31, 2023, the Company did not compensate its PEO and the Company did not rely on any performance measures to link the compensation of its Chief Financial Officer, the Company’s only non-PEO named executive officer, to the performance of the Company, as described in the Compensation Discussion and Analysis contained in this Proxy Statement. Accordingly, there are no performance measures that could be included in a tabular list or from which a “company selected measure” would be determined for disclosure in the above table.

Comparison of Company Total Shareholder Return to Peer Group Total Shareholder Return

During fiscal year 2020, our Company total shareholder return (“TSR”) was below the TSR of our peer group. During 2021, our Company TSR exceeded the TSR of our peer group. Both our Company TSR and the peer group TSR for 2022 were negatively affected by the general market decline in stock prices during that year, with our Company TSR being below the TSR for our peer group. Our Company TSR was slightly below that of our peer group for fiscal year 2023.

Relationship Between Company TSR and Compensation Actually Paid to PEO and NEOs

Although the Company did not rely on any performance measures to link the compensation of its Chief Financial Officer, the Company's only non-PEO named executive officer, to the performance of the Company, the above table illustrates the relationship between the compensation actually paid during fiscal years 2020, 2021, 2022, and 2023, respectively, to our Chief Financial Officer versus the Company's TSR during the same periods. As described in the Compensation Discussion and Analysis contained in this Proxy Statement, during fiscal years 2020, 2021, 2022, and 2023 the Company did not compensate our PEO.

Relationship Between Compensation Actually Paid to PEO and NEOs and Net Income

Although the Company did not rely on any performance measures to link the compensation paid by the Company to our Chief Financial Officer, the Company's only non-PEO named executive officer, to the performance of the Company, the above table illustrates the relationship between the compensation actually paid during fiscal years 2020, 2021, 2022, and 2023, respectively, to our Chief Financial Officer versus net income during the same periods. As described in the Compensation Discussion and Analysis contained in this Proxy Statement, during fiscal years 2020, 2021, 2022, and 2023 the Company did not compensate our PEO.

Relationship Between Compensation Actually Paid Versus Company Selected Measure

As noted above, for the fiscal year ended December 31, 2023, the Company did not compensate its PEO and the Company did not rely on any performance measures to link the compensation of its Chief Financial Officer, the Company's only other named executive officer, to the performance of the Company. Accordingly, a description regarding the relationship between the compensation actually paid versus the "company selected performance measure" is not provided. Information regarding the compensation of our named executive officer is set forth in the Compensation Discussion and Analysis contained in this Proxy Statement.

Compensation Committee Report

The Compensation Committee makes recommendations to the Board of Directors concerning the compensation of the Company's named executive officer. We have reviewed and discussed with management the Compensation Discussion and Analysis to be included in the Company's Schedule 14A Proxy Statement, filed pursuant to Section 14(a) of the Securities Exchange Act of 1934, as amended. Based on the reviews and discussions referred to above, the Compensation Committee recommended to the Board, and the Board has approved, the inclusion of the Compensation Discussion and Analysis referred to above in the Company's 2024 Proxy Statement.

Our Board recommends that you vote, based on the recommendation of the Audit Committee, **FOR** the ratification of the appointment of Grant Thornton LLP to serve as the independent auditor for the Company and the Trust for the fiscal year ending December 31, 2024.

Audit Committee Report

In addition, the Board has determined that each of Ms. Shaffer, chair of the Audit Committee, Mr. Bottiglieri and Ms. Locke Simon qualifies as “*audit committee financial expert*” as defined by the applicable SEC rules. The Audit Committee operates under a written charter, which reflects the NYSE listing standards and Sarbanes Oxley Act of 2002, as amended, requirements regarding audit committees. A copy of the current Audit Committee charter is available on the Company’s website at www.compassdiversified.com.

The Audit Committee’s primary role is to assist the Board in fulfilling its responsibility for oversight of (1) the quality and integrity of the consolidated financial statements and related disclosures, (2) compliance with legal and regulatory requirements, (3) the independent auditor’s qualifications, independence and performance, and (4) the performance of internal audit and control functions.

The Company’s management is responsible for the preparation of the financial statements, the financial reporting process and the system of internal controls. The independent auditors are responsible for performing an audit of the financial statements in accordance with auditing standards generally accepted in the U.S. and issuing an opinion as to the conformity of those audited financial statements to U.S. generally accepted accounting principles. The Audit Committee monitors and oversees these processes.

The Audit Committee has adopted a policy designed to ensure proper oversight of our independent auditor. Under the policy, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing any other audit review (including resolution of disagreements among management, the Manager, and the auditor regarding financial reporting), or attestation services. In addition, the Audit Committee is responsible for pre-approving any non-audit services provided by the Company’s independent auditors. The Audit Committee’s charter also ensures that the independent auditor discusses with the Audit Committee important issues such as internal controls, critical accounting policies, any instances of fraud and the consistency and appropriateness of our accounting policies and practices.

The Audit Committee has reviewed and discussed with management and Grant Thornton LLP, the Company’s independent auditor, the audited financial statements as of and for the year ended December 31, 2023. The Audit Committee has also discussed with Grant Thornton LLP the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (“PCAOB”) and the SEC. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditor required by applicable requirements of the PCAOB regarding the independent auditor’s communications with the Audit Committee concerning independence and has discussed with the independent auditor the independent auditor’s independence. The Audit Committee also considered whether the non-audit services provided by Grant Thornton LLP to us during 2023 were compatible with its independence as auditor.

Based on these reviews and discussions, the Audit Committee has recommended to the Board, and the Board has approved, the inclusion of the audited financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2023.

Company Two Class Equity Interests

The following table sets forth certain information as of March 26, 2024 regarding the beneficial ownership of the Company's two classes of equity interests.

	Number of Interests ⁽¹⁾	Percent of Class
<i>Sostratus LLC</i>		
Allocation interests ⁽²⁾	1,000	100%
Trust interests	—	—
<i>Compass Diversified Holdings ⁽³⁾</i>		
Allocation interests	—	—
Trust interests	75,323,361	100%

(1) Compass Group Diversified Holdings LLC has two classes of equity interests: allocation interests and trust interests.

(2) Mr. Sabo may be deemed to be the beneficial owner of approximately 20% of the allocation interests as he indirectly shares in approximately 20% of the proceeds of distributions made with respect to the allocation interests, see, COMPENSATION DISCUSSION AND ANALYSIS - *Compensation Information from Our Manager and the Allocation Member* – for the Allocation Member's estimate of the amounts reasonably associated with Mr. Sabo's services to us. Mr. Faulkingham may be deemed to be the beneficial owner of approximately 5% of the allocation interests as he indirectly shares in approximately 5% of the proceeds of distributions made with respect to the allocation interests.

(3) Each beneficial interest in the Trust corresponds to one underlying trust interest of the Company. Unless the Trust is dissolved, it must always remain the sole holder of 100% of the trust interests and the Company will have outstanding the identical number of trust interests as the number of outstanding shares of stock of the Trust. As a result of the corresponding interests between shares of stock of the Trust and trust interests, each

holder of shares identified in the table above relating to the Trust is deemed to beneficially own a correspondingly proportionate interest in the Company.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

There are no securities currently authorized for issuance under an equity compensation plan of the Company.

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Exchange Act requires our directors and executive officers and beneficial owners of ten percent (10%) or more of a registered class of our equity securities to file with the SEC initial reports of beneficial ownership (Form 3) and reports on changes in beneficial ownership (Form 4 or 5). SEC rules adopted pursuant to Section 16(a) require that such persons furnish us with copies of all such forms they file with the SEC. Based solely upon our review of such forms (and amendments thereto) furnished to us during fiscal year 2023, and upon representations received by us from certain of our directors, and executive officers, we believe that our directors, executive officers and beneficial owners of 10% or more of a registered class of our equity securities complied with all Section 16(a) filing requirements on a timely basis during fiscal year 2023.

Shareholder Proposals for the 2025 Annual Meeting of Shareholders

To be considered for inclusion in our proxy statement for the 2025 Annual Meeting of shareholders, shareholder proposals must be received by the Company no later than December 11, 2024. In order to be included in Company-sponsored proxy materials, shareholder proposals will need to comply with Rule 14a-8 promulgated under the Exchange Act. If you do not comply with Rule 14a-8, we will not be required to include the proposal in the proxy statement and the proxy card we will mail to shareholders.

With respect to shareholder proposals not wishing to be included in Company-sponsored proxy materials, but rather to be brought as business at the 2025 Annual Meeting, our governing documents prescribe certain advance notice procedures independent of the notice requirement and deadline described above. To be timely, a shareholder's notice is required to be delivered to the Secretary not less than 120 days and no more than 150 days prior to the first anniversary of the preceding year's annual meeting. However, in the event that the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice by a shareholder must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the 90th day prior to such annual meeting or the 10th day following the day on which

public announcement of the date of such meeting is first made. Therefore, to be timely under our governing documents, a proposal for the 2025 Annual Meeting not included by or at the direction of the Board must be received no earlier than December 24, 2024 and no later than January 23, 2025. Shareholder proposals should be sent to the Secretary at Compass Group Diversified Holdings LLC, 301 Riverside Avenue, Second Floor, Westport, Connecticut 06880, Attention: Investor Relations.

See the section titled "BOARD OF DIRECTORS, EXECUTIVE OFFICERS AND COMMITTEES – Shareholder Nominations of Directors" for a discussion of shareholders' ability to nominate directors. In addition to satisfying the foregoing notice requirements under our governing documents, to comply with the universal proxy rules, shareholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than March 24, 2025.

Shareholders of Record We encourage you to appoint a proxy to vote on your behalf by submitting a proxy via the Internet or telephone or, if you received paper copies of the Proxy Materials, by promptly submitting the enclosed proxy card, which is solicited by the Company's Board, and which, when properly completed, signed, dated and returned to us, will ensure that your shares are voted as you direct. The persons named in the proxy card are officers of the Company and have been designated as proxies by our Board. These designated proxies will vote as directed by the completed proxy card.

Beneficial Owners If you hold your shares in street name, these Proxy Materials are being forwarded to you by your bank, broker or their appointed agent. You may also request a legal proxy from your bank or broker to vote electronically at the Annual Meeting.

VOTING BY THE DESIGNATED PROXIES

The persons who are the designated proxies will vote as you direct in your proxy card or voter instruction card. Please note that proxy cards returned without voting directions, and without specifying a proxy to attend the Annual Meeting and vote on your behalf, will be voted by the designated proxies in accordance with the recommendations of our Board. Our Board recommends:

- a vote **FOR ALL** eight (8) directors named in the Proxy Statement to serve for a one-year term expiring at the 2025 Annual Meeting of Shareholders (Proposal 1);
- a vote **FOR** the approval, on a non-binding and advisory basis, of the resolution approving the compensation of our named executive officer as disclosed in the Proxy Statement ("Say-on-Pay Vote") (Proposal 2); and

- a vote **FOR** the ratification of the appointment of Grant Thornton LLP to serve as the independent auditor for the Company and the Trust for the fiscal year ending December 31, 2024 (Proposal 3).

You may revoke or change your proxy before the Annual Meeting by:

Any written notice of revocation must be sent to the attention of Carrie W. Ryan, Secretary & General Counsel, Compass Group Diversified Holdings LLC, 301 Riverside Avenue, Second Floor, Westport, Connecticut 06880 or by facsimile to (203) 221-8253.

Approval of Proposals and Solicitation

Each shareholder who owned shares of Trust common stock on March 26, 2024, the record date for the determination of shareholders entitled to vote at the Annual Meeting, is entitled to one vote for each such share of Trust common stock. On March 26, 2024, we had 75,323,361 shares of Trust common stock issued and outstanding that were held by approximately 42,624 beneficial holders and 15 record holders.

QUORUM

Under the terms of the Third Amended and Restated Trust Agreement of the Trust, dated August 3, 2021, which we refer to as the "Trust Agreement" and the LLC Agreement, the shareholders present in person or by proxy holding a majority of the then outstanding voting shares of the Trust common stock entitled to vote shall constitute a quorum at a meeting of the Trust's shareholders. The Series A Trust preferred interests, the Series B Trust preferred interests and the Series C Trust preferred interests, are not considered outstanding voting shares of the Trust for purposes of the Annual Meeting. Accordingly, holders of shares of Trust common stock are the only shareholders entitled to vote at the Annual Meeting. For purposes of determining the presence of a quorum, shares of Trust common stock that are represented by broker non-votes and/or represented by proxies that are marked "abstain" or "withhold" will be counted as shares present for purposes of determining the presence of a quorum. A broker non-vote occurs when the broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power to vote on that proposal without specific voting instructions from the beneficial owner. Proposals 1 and 2 described in this proxy are non-discretionary items and Proposal 3 described in this

proxy is a discretionary item. Broker non-votes will not be counted or deemed to be present in person or by proxy and entitled to vote for the purpose of determining whether our shareholders have approved a matter.

If the persons present or represented by proxies at the Annual Meeting do not constitute a majority of the holders of the outstanding Trust common shares entitled to vote as of the record date, we will postpone the Annual Meeting to a later date.

APPROVAL OF PROPOSALS

Proposal 1

Assuming the presence of a quorum, each director nominee receiving a plurality of the votes cast at the Annual Meeting (in person or by proxy) will be elected as a director. No shareholder shall be permitted to cumulate votes for the election of directors. The election of directors is a non-discretionary item and brokers may not vote on Proposal 1 without specific voting instructions from beneficial owners, resulting in a broker non-vote. Broker non-votes and withheld votes are not counted toward the election of directors or toward the election of the individual nominees specified on the proxy, and therefore, have no impact on Proposal 1.

Proposal 2

Assuming the presence of a quorum, the affirmative vote of a majority of the Trust common shares present (in person or by proxy) at the Annual Meeting and entitled to vote on the proposal is required to approve the shareholder advisory vote on executive compensation. Proposal 2 is a non-discretionary item and brokers may not vote on Proposal 2 without specific voting instructions from beneficial owners, resulting in a broker non-vote. An abstention is not counted toward the approval, and the effect of an abstention is the same as a vote "Against" the approval. Broker non-votes will have no impact on this proposal. Because the vote on Proposal 2 is advisory in nature, it will not be binding on the Board or the Company; however, the Board will consider the outcome of the vote, along with other factors, when making future decisions regarding the compensation of our named executive officer.

Proposal 3

Assuming the presence of a quorum, the affirmative vote of a majority of the Trust common shares present (in person or by proxy) at the Annual Meeting and entitled to vote is required to ratify the appointment of Grant Thornton LLP to serve as the independent auditor for the Company and the Trust for fiscal year ending December 31, 2024. An abstention is not counted toward the ratification of the appointment of Grant Thornton LLP to serve as the independent auditor for the

Company and the Trust for fiscal year ending December 31, 2024, and the effect of an abstention is the same as a vote "Against" the ratification. Ratification of this appointment is a discretionary item upon which your bank or broker has the authority to vote uninstructed shares. Should your broker not indicate their vote relating to the ratification of the appointment of Grant Thornton LLP to serve as the independent auditor for the Company and the Trust for fiscal year ending December 31, 2024, but otherwise appoint the proxies, your shares will be voted "For" the ratification of the appointment of Grant Thornton LLP to serve as the independent auditor for the Company and the Trust for fiscal year ending December 31, 2024.

Except for certain business combinations, as such term is defined in the Trust Agreement, and otherwise required by law, any other proposal that properly comes before the Annual Meeting must be approved by the affirmative vote of at least a majority of the outstanding Trust common shares present (in person or represented by proxy) at the Annual Meeting and entitled to vote.

As required by the Company's LLC Agreement and Trust Agreement, immediately following the tabulation of votes cast at the Annual Meeting, the Trust, as the sole owner of the Company's trust interests, will vote such trust interests for the election of directors in the same proportion as the holders of Trust common stock. Consequently, each director nominee receiving a plurality of the votes cast at the Annual Meeting (in person or by proxy) will be elected by the Trust to serve as a director of the Company until the Company's 2025 Annual Meeting of shareholders.

All votes will be tabulated by Broadridge, the proxy tabulator and inspector of election appointed for the Annual Meeting. Broadridge will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

SOLICITATION OF PROXIES

We will bear the cost of the solicitation of proxies, including the preparation, printing and mailing of this Proxy Statement and the proxy card. We have also retained Broadridge to distribute copies of these Proxy Materials to banks, brokers, fiduciaries and custodians, or their agents holding shares in their names on behalf of beneficial owners so that they may forward these Proxy Materials to our beneficial owners.

We may supplement the original solicitation of proxies by mail with solicitation by telephone and other means by directors, officers and/or employees of our Manager. We will not pay any additional compensation to these individuals for any such services.
